Hi gang,

I was wondering if anybody has seen either of these books from Lindsay
-- the '29/'34 Handbook Receivers collection, or the book on Regens by
"Rocky" something-or-other (vague, I know, but my catalog is at work).

They both sound interesting, and I've actually tried to call in an order the last two days at lunchtime, but the phone just kept ringing, so I thought I'd ask around before I try again. Thanks.

BTW, I really enjoy "70 Years of Radio Tubes and Valves" and "The Official 1934 Shortwave Manual", both from Lindsay, should anybody be looking for an unsolicited opinion.

73,
Mike, KK6GM
